

Product Safety Recall

Electrical Safety Recall

Sitro Group Australia Pty Ltd
Portable 12Vdc powered diesel
heater for outdoor use.

Brand: Gasmate
Model: DH203

Identification:

"Gasmate Portable Diesel Heater" and model "DH203" marked on the product.
Sold between 1 November 2022 - 31 May 2023 at BCF, Snowys Outdoors and independent camping stores.

Why the product is recalled:

This product has a standard appliance inlet which can be fitted with a standard 240V connector. There is potential for the 12Vdc heater to be connected to 240Vac mains supply.

Hazard:

There is a risk of electric shock which can cause serious injury or death if the heater is connected to 240Vac mains supply.

Action required:

1. Consumer should stop using the Diesel Heater immediately.
2. Contact Gasmate to arrange return and free repair of the diesel heater.
Repair consists of replacing the inlet and supplying a replacement 12V DC supply lead.
