GALAXY GEN2
OUTDOOR KITCHEN RANGE

THE OUTDOORS MADE EASY.

GALAXY GEN2
OUTDOOR KITCHEN RANGE

The image features the **Gasmate Galaxy Gen2 Outdoor Kitchen,** showcasing (from left to right): the **Gen2 Double Sintered Stone Bar Fridge Top (BQ3198)** atop the **Gasmate 2 Door 187L Premium Glass Door Bar Fridge (BFR2088)**, the **Gen2 Drawer Module (BQ3093)**, the **Gen2 6 Burner BBQ (BQ19F/BQ19NGF)**, the **Gen2 Storage Module (BQ3092)** and the **Gen2 Sink, Bin & Storage Module (BQ3091)**.

The **Gasmate Galaxy Gen2** Outdoor Kitchen range continues to impress with its sleek dark accents and flame failure safety technology that ensures an automatic gas cut-off if the flame goes out - bringing style and confidence to your alfresco space.

Create your perfect outdoor cooking and entertaining area with the Galaxy Gen2 6 Burner BBQ, enhanced by the versatile Galaxy Gen2 Modules. The Galaxy range also includes built-in BBQ models that can seamlessly integrate into any custom outdoor kitchen design.

For added style and durability, choose the Galaxy Gen2 Modules with stylish integrated handles and durable sintered stone benchtops. These BBQ and module combinations offer flexible configurations, allowing you to design an outdoor kitchen that suits your space and budget.

The Gasmate Galaxy Gen2 Modules are easy to install, requiring minimal assembly. A range of professional rangehoods and bar fridges are also available to complement your design.

Create your own stunning outdoor cooking and entertaining area using the Galaxy Gen2 BBQ and Modules.

GALAXY GEN2
6 BURNER BBQ

- Darker accents throughout including darker stainless steel hood handle, darker control knobs and durable powder coated front fascias
- Flame failure safety technology - ensuring automatic gas cut-off if flame goes out
- Provides up to an impressive 114 MJ/h high heat output, with a total of six burners, a side burner, and a rear rotisserie burner
- Engineered for durability with a powder-coated finish and robust stainless steel construction
- Big cooking space - 960mm x 420mm
- Offers versatile cooking with its enamel coated cast iron hotplate and grill plates for ultimate flexibility
- Electronic ignition for effortless lighting
- The roasting hood is crafted from #304 grade stainless steel, showcasing a sleek black finish, glass viewing window, a temperature gauge, and a cool touch handle for added style and convenience
- Convenient internal hood lights and blue LEDs on the control knobs keep everything clearly visible as you cook
- Cast iron burners with individual controls give a consistent flame from front to back, providing even and efficient heat distribution
- Stainless steel flame tamers for controlled heat distribution
- 17 MJ/h side burner for extended cooking
- 13 MJ/h ceramic rear burner for healthy rotisserie cooking
- Stainless steel warming rack to heat food or keep warm
- Powder coated steel cabinet with 2 doors, 2 drawers and loads of storage space to keep your BBQ neat and tidy with all your BBQ supplies within easy reach
- Gas certified to Australian Standards
- Supplied with LCC27 Safe Lok® Regulator and Hose (Propane only)
- Available in Propane and Natural Gas models

⚠ **WARNING**

This drop-in BBQ is designed to sit flush with the bench. However, if you choose to install the BBQ on top of the stone bench, you need to make sure the legs are supporting the BBQ.

The appliance requires venting. When the BBQ is sitting flush with the bench, there is an approximate 2mm gap around the BBQ edge with the bench. This gap plays an important role of venting, therefore, it should not be sealed with silicon. If you choose, however, to seal the gap, a rectangular unimpeded opening of approx 750mm W x 10mm H in either the front or the rear should be incorporated within the cabinet. Please refer to diagram below as an example.

Feet Adjustment:
4 adjustable feet are supplied with the BBQ. Please ensure all 4 feet are attached to the BBQ for height adjustment. If you plan to install the drop in BBQ in our Alfresco Plus BBQ cabinet module, please adjust the feet of the BBQ so that overall height is 290mm. Adjust the feet of the BBQ so all edges sit flush. If you choose to build your own cabinet, please adjust the feet height accordingly.
Drip tray access:

Please note that you must allow access under the BBQ for the drip tray to be removed.
