NOVA MK2

MODULAR OUTDOOR KITCHEN

Introducing the updated Gasmate Nova MK2. We've continued the sophisticated Graphite stainless steel design, and added flame failure safety throughout the lineup. Explore all the new features of the **Gasmate NOVA MK2 Modular Outdoor Kitchen**.

Features black sink with removable wooden chopping board and integrated WELS rated hot and cold water tap.

Each module in the NOVA MK2 range comes fully assembled and features locking castors.

Refreshed temperature gauge with darker accent details

Modules feature new upgraded sintered stone benchtops which are incredibly durable, 100% UV stable and resistant to scratching and high temperatures. These benchtops are also designed and built to withstand the variable Aussie climate, from heavy rain to hot sunny days.

Gasmate NOVA MK2 Sink, Bin & Storage Module.

Gasmate NOVA MK2 Storage Module.

New ignition and lighting switch design

Gasmate NOVA MK2 Drawer Module.

Gasmate Double Door Fridge, model BFR2088 with Gasmate Nova premium bar fridge top.

The **Gasmate NOVA MK2 Outdoor Kitchen** brings a new level of style, versatility, and performance to your alfresco area. With a modern matte Graphite stainless steel finish, it blends effortlessly into contemporary outdoor spaces - pairing beautifully with timber decking or lighter tones for striking contrast.

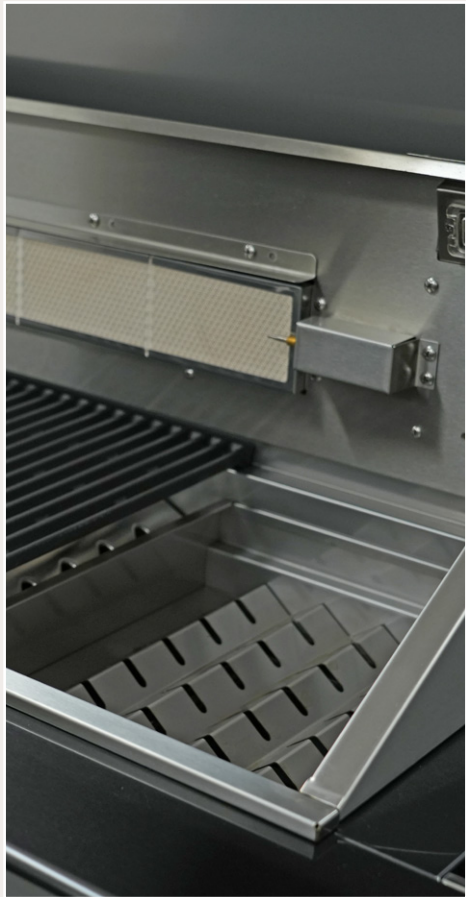

The new NOVA MK2 BBQ now features flame failure safety technology, which automatically cuts off the gas if the flame goes out, offering added peace of mind. Plus, the internal module dimensions have also been reworked to make rear service connections simpler and more efficient.

The upgraded sintered stone benchtops are incredibly durable and built to withstand outdoor conditions, while adding a sleek, premium feel.

The sink now includes an over-the-sink chopping board - perfect for prepping veggies or meat without losing valuable bench space.

Expand your cooking options with a rotisserie kit and charcoal tray - now included with BBQ modules .

With its modern design and cleverly refined features, the NOVA MK2 Modular Outdoor Kitchen delivers everything you need to cook, entertain, and enjoy your outdoor space in style.

New!

NOVA MK2 BBQs

- Now featuring flame failure safety technology, which automatically cuts off the gas if the flame goes out, offering added peace of mind.
- Provides up to an impressive 114MJ/h high heat output, with a total of six burners, a side burner, and a rear rotisserie burner
- High grade Graphite #304 stainless steel hood, doors and drawer fronts with powder coated internal cabinets
- Double skin hood for solid structure and better heat insulation, features temperature gauge and stylish slim cool touch handle
- Easy to clean, heavy duty enamel coated cast iron plate and grill
- Stainless steel flame tamers for controlled heat distribution and to minimise cooking fats flaring up
- Stainless steel burners with individual controls give a consistent flame from front to back, providing even and efficient heat distribution
- Electronic ignition for effortless lighting
- Supplied with charcoal tray for duel fuel cooking options & rotisserie kit
- Convenient internal lights and LEDs above control knobs
- Elevated high grade #304 stainless steel cooking and warming rack
- Cabinet features ample storage with convenient slide-out cylinder storage and locking castors
- Supplied with LCC27 Safe Lok® regulator and hose (LPG model only)
- AGA Certified to Australian standards
