PHOENIX BBQ MODULE

BBQ HEAT SHIELD ASSEMBLY

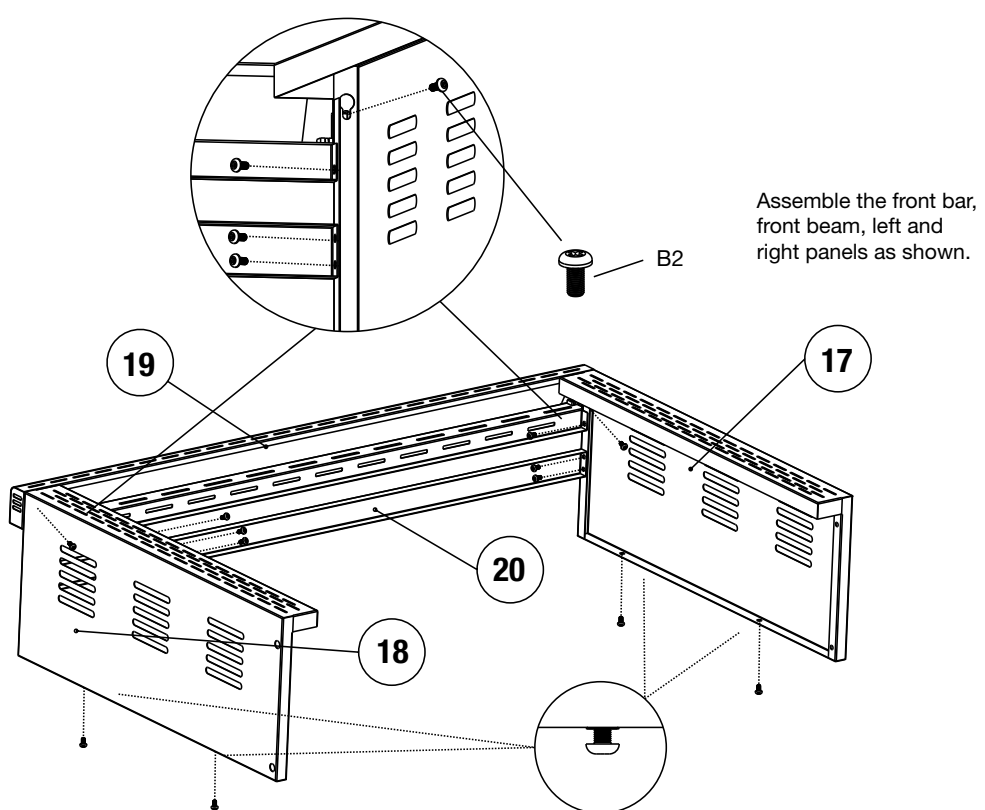

Position the front, left, right and back heat shield panels into the firebox as shown. Then tighten the panels using the bolts provided from Screw Pack B2.

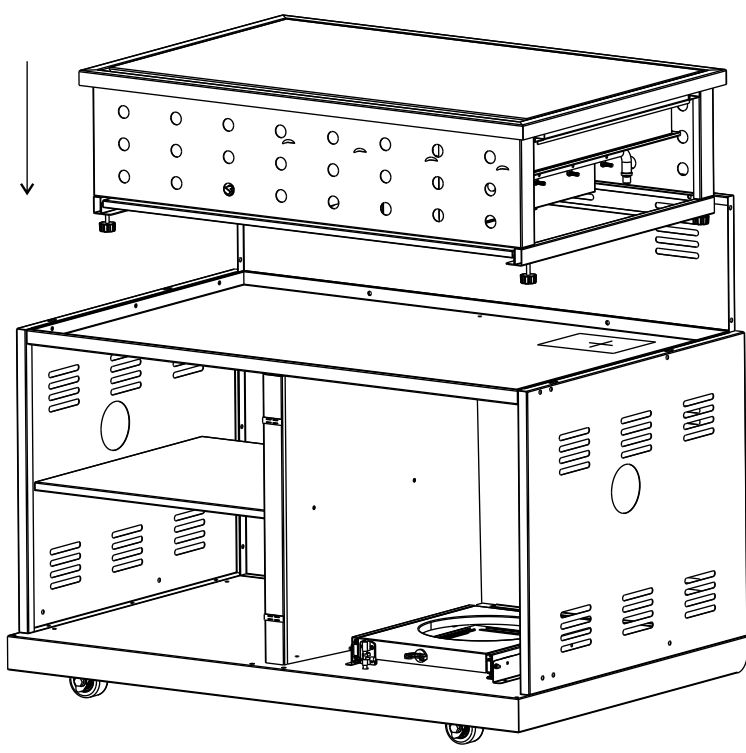

PHOENIX BBQ MODULE

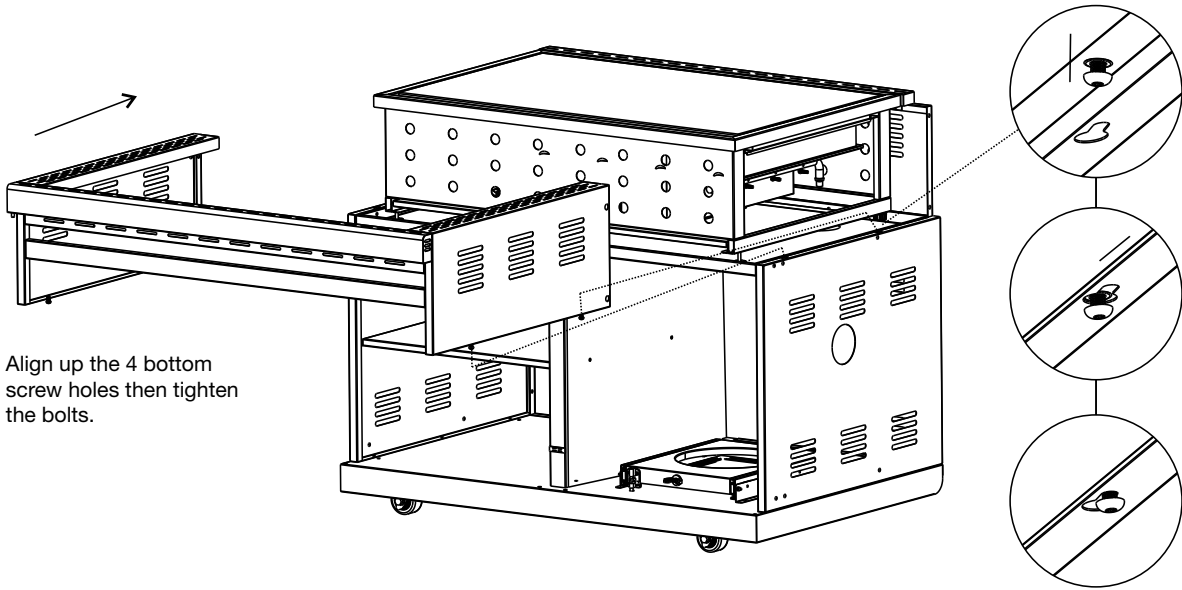

FRONT AND SIDE PANELS ASSEMBLY

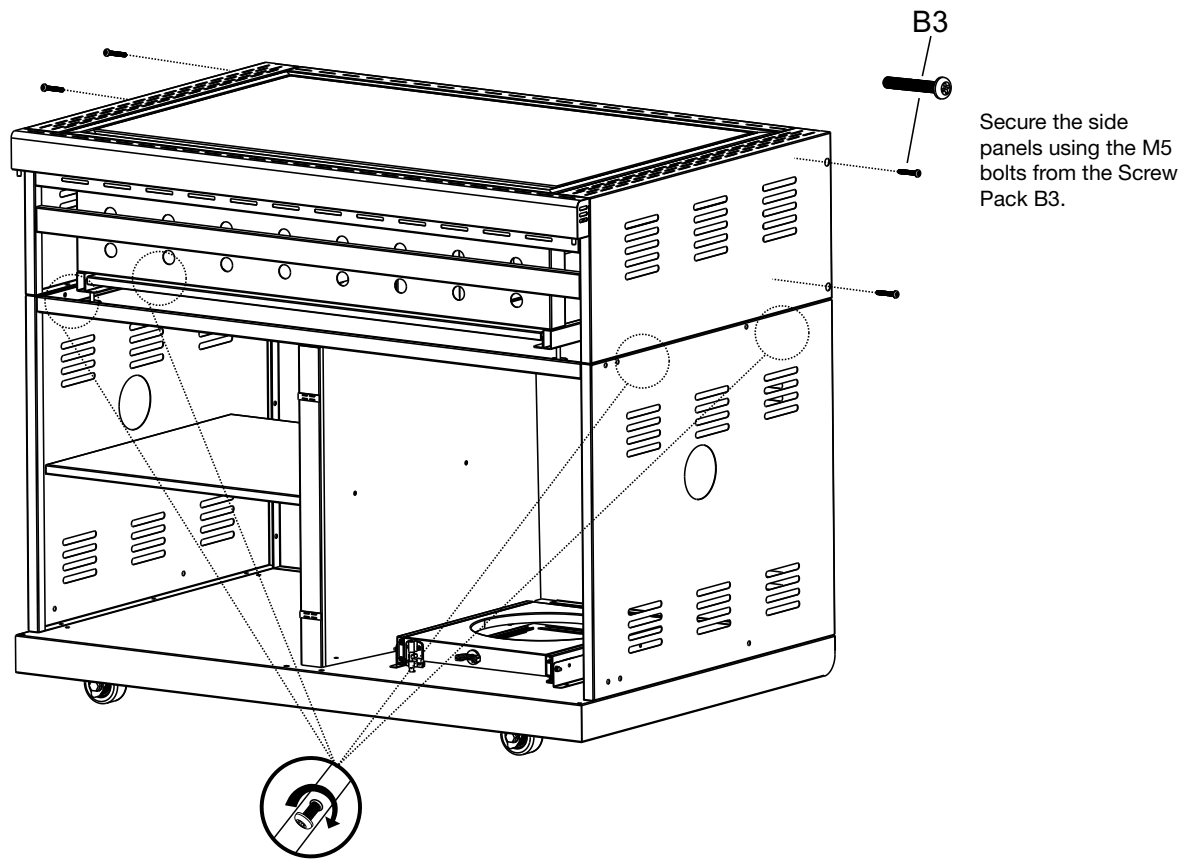

Position the BBQ in place and adjust the feet height, so that it sits flush with the top of the rear top panel.

PHOENIX BBQ MODULE

Align up the 4 bottom screw holes then tighten the bolts.

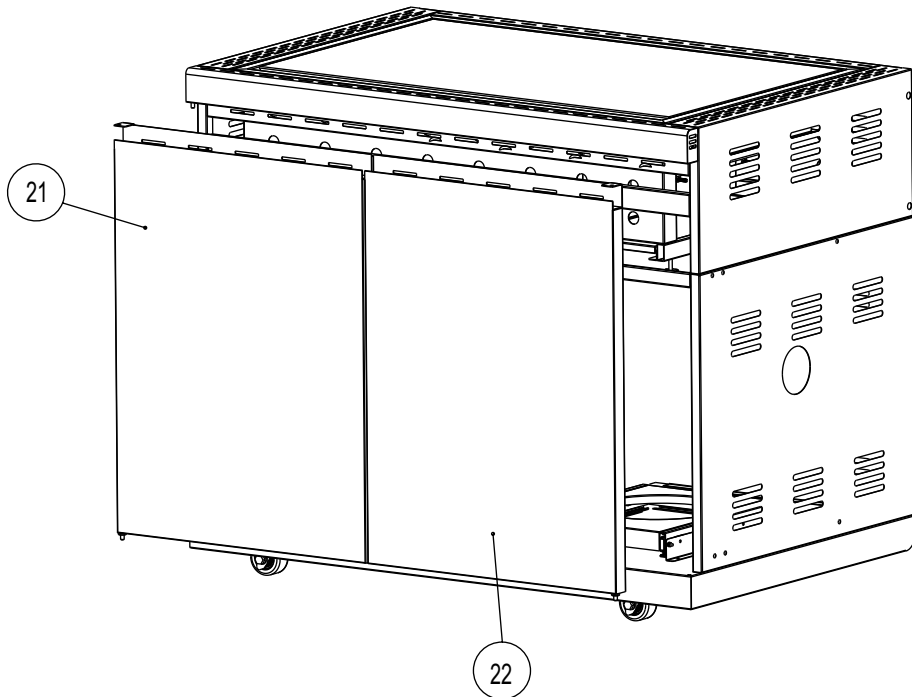

B3

Secure the side panels using the M5 bolts from the Screw Pack B3.

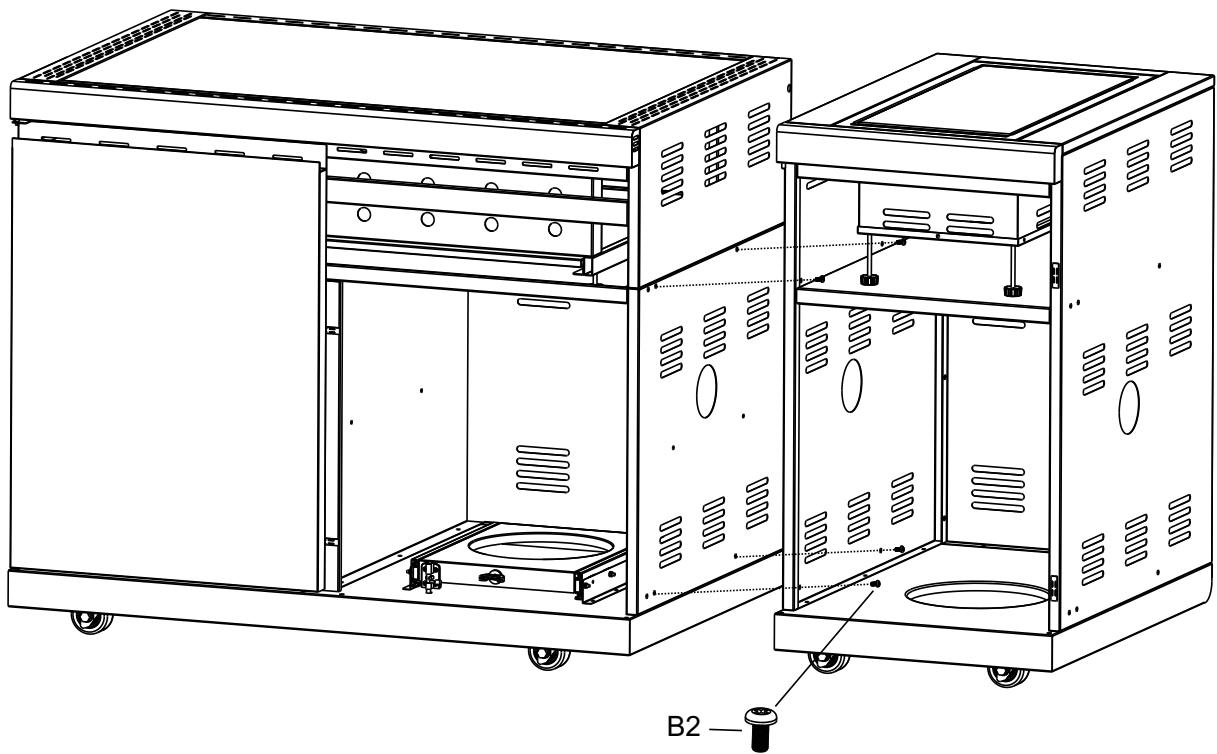

PHOENIX BBQ MODULE

DOORS ASSEMBLY

Insert the pin on the bottom of the door into the hole on the bottom panel. Press then release the spring loaded pin to let it pop into the upper hole of the door. Repeat the process for the other door.
