accessories
available to further extend your Kamado Ceramic Charcoal BBQ

Every Charmate barbecue is designed to provide maximum performance and durability. You will find features that make your BBQ perform better, last longer and allow you to enjoy the outdoors much easier.

DOUBLE GRILL
MODEL NO. BA1031 – Add another level of cooking to the existing cooking grate.

ELEVATOR
MODEL NO. BA1032 – Ideal for moving food away from direct heat and circulating heat around the food.

PIZZA STONE
MODEL NO. BA1029 – The pizza stone will cook your pizza as good, if not better, than a conventional pizza oven.

HEAT DEFLECTOR
MODEL NO. BA1030 – To cook food for longer you'll need a heat deflector to disperse the heat around the food.

RAIN COVER
MODEL NO. BA1033 – When not cooking your best recipes on the charcoal BBQ, use this cover for best protection.
